

Social Innovation & Entrepreneurship Immersion GUATEMALA

**Empowering Women & Girls in an
Uncertain and Rapidly Changing World**

This 10-day immersive learning experience brings together diverse changemakers within the “living classrooms” of Guatemala to explore the unlimited possibilities of human potential, with a focus on women & girls.

Join us to gain powerful new transformation mindsets, social innovation & entrepreneurship (SIE) skillsets, adaptive-problem-solving approaches, and connections with other changemakers!

Key Benefits

- **Cultivating a Transformation Mindset:** Understand the role of underlying mental models in facilitating transformational change in yourself & others; develop deeper self-awareness & confidence as an adaptive leader & changemaker; move beyond limiting beliefs and find the inspiration to act boldly.
- **Unlocking SIE Skillsets & Tools:** Gain the social innovation & entrepreneurship skills & tools to effectively co-design & co-lead powerful new approaches to tackling today’s urgent challenges.
- **Linking Technical Innovations with Adaptive Problem-Solving:** Learn to effectively frame & approach complex, adaptive challenges, addressing them through a “transformational systems change” framework.
- **Joining a Community of Adaptive Changemakers:** Experience the magic of immersing yourself in another culture’s living classroom; feel connected and empowered as part of a network of diverse changemakers; grow personally & professionally through a collaborative, high-impact, learner-centered approach to actualizing human potential.

Immersive, Impact-Driven, Transformative

"I think when you can truly listen, you can truly feel and build together. We say we like to co-build with people of the world, and that means acknowledging that we have part of the answer but someone else might have the other part."

Maria Pacheco

Founder, Wakami

Testimonials:

What can you expect from our Guatemala program? Hear from past participants of our Bali SIE Immersion!

"This was an incredibly eye-opening experience that will change the course of my life. Bali cracked my heart wide open and fed my soul hope for the future."

Be prepared to experience profound growth in your personal and professional life. You will gain everything you need during this program to move forward in your life and pour back into the work you do at home."

Isabella McLain

Urban & Regional Planner

"The combination of experiential learning and practical application deepened my ability to think critically about complex global issues and inspired me to develop innovative, community-driven solutions that address real needs."
